

# When the Saints go marching in

♩ = 144

+4                    +5                    -5                    +6  
Oh,                    when                    the                    saints

+4                    +5                    -5                    +6  
Oh,                    when                    the                    saints

+4                    +5                    -5                    +6                    +5                    +4                    +5                    -4  
Oh,                    when                    the                    saints                    Go                    mar -                    ching                    in

+5                    +5                    -4                    +4                    +4                    +5                    +6                    +6                    -5  
Now,                    when                    the                    saints                    go                    mar -                    ching                    in                    Yes,

+4                    +5                    -5                    +6                    +5                    +4                    -4                    +4  
I                    want                    to                    be                    in                    that                    num -                    ber
