Le saviez-vous ? L'origine du Bémol

Le symbole du bémol (♭) trouve son origine au Moyen Âge. À cette époque, pour différencier les deux types de Si, on utilisait deux écritures distinctes :

- Le **b carré** (*b quadratum*) pour le Si naturel, qui a donné naissance au **bécarre** (𝄌) et au **dièse** (♯).
- Le **b rond** (*b molle*) pour le Si bémol, qui a donné notre **bémol** (♭) et le mot lui-même : B-molle (le B mou).
